Profile

Computer Science and Engineering student with strong foundations in programming (Java, Python), databases (SQL, DBMS). Skilled at learning new technologies through hands-on projects such as Face Recognition Attendance System, Mental Health status wellbeing platform, and Pet Help Website. Adaptable, motivated, and eager to gain practical experience and grow into a versatile software professional.

Projects

Face Recognition Attendance System — *Python, OpenCV, Machine Learning*

- Developed an attendance system using face recognition with OpenCV and machine learning models.
- Automated real-time face detection and attendance logging, improving efficiency over manual processes.

Mental Health Status Wellbeing Platform — *PHP, MySQL*

- Created a platform to assess and track users' mental health through interactive assessments.
- Designed a secure database to efficiently store and analyze user data for personalized insights.

Pet Help Website — *React.js, Firebase*

- Built a web application for pet adoption, medical care, shelter support, and lost-and-found pets.
- Integrated Firebase for backend services, user authentication, and data management.

Technical Skills

Programming Languages: Java , Python(Moderate) , SQL,

Technologies & Frameworks: HTML, CSS, Javascript

Developer Tools: VS Code, Jupyter Notebook

Version Control System: Git(Basics)

Soft Skills: Responsible, Teamwork, Problem Solving, Time Management, Adaptability

Certifications

- Verbhafest
- Programming in Java - NPTEL
- Hackathon Participation - SKN Hackathon held at Sinhgad College of Engineering, Pandharpur
- Volunteer Certificate - SIH (Smart India Hackathon) and Pioneer

Education

KIT's College of Engineering (Empowered Autonomous), Kolhapur

2022 – 2026

B.Tech – Computer Science and Engineering

CGPA: 8.0/10

Coursework

Data Structures, Object-Oriented Programming (OOP), Database Engineering

Extracurricular Activities

- Participated in Group Discussion Competition.
- Registration Head, ACSES KITCOEK (2023–24) – Managed registrations for departmental events with 500+ participants.
- Volunteered for Pioneer 2025 and Smart India Hackathon (SIH) technical events.
